Ages 5-7	Monday	Tuesday	Wednesday	Thursday	Friday
 Math	Thread pipe cleaners with winter colored beads. Can you make patterns with the beads?	Make a winter sculpture from marshmallows and toothpicks. What shapes do you see?	Build ice towers out of ice cubes. Measure the tallest tower. 	Take an evening walk to see twinkly lights. Estimate the number of lights on your favorite house.	Open Khan Academy Kids to the "Videos" tab. Can you find the video with Peck subtracting snowballs?
 English Language Arts	Read the book "Polar Bears" in Khan Academy Kids. 	Read the book "Siberian Huskies" in Khan Academy Kids.	Read the book "Glide on Ice" in Khan Academy Kids. 	Watch "How to Draw Ollo's Toys" on Circle Time.	Play themed reading and writing lessons in Khan Academy Kids.
 Get moving	Lead your family in a class of Pajama Yoga.	Play in the snow or take a rain walk with an umbrella. 	Host indoor bobsled races with laundry baskets.	Sing or play seasonal tunes, then add a game of "freeze dance" to the mix.	Play homemade basketball with paper snowballs.
 Social time	Invite a friend to get hot chocolate. 	Pop popcorn for family movie night.	Design photos and texts to send to grandparents and relatives.	Play a game of Pictionary with friends over Zoom.	Put on a holiday play for family and friends. 
 Arts & crafts	Design and decorate a pinecone as a holiday tree or ornament. 	Recycle TP rolls to make a snowman family.	Make a paper plate reindeer with crafts by Super Simple.	Paint a winter watercolor scene. 	Cut and decorate paper snowflakes to put on windows.
 Science & exploration	Plan to view the full moon. What do you notice about the sky at night?	Put out a plate of water on a cold night. Did the water get cold enough to freeze?	Follow a recipe to make a favorite holiday treat.	Map out the nearest post box to mail letters to friends.	Create a theme for the holiday decorations in your home.
